When: Tuesday, December 13, 2022 2:00 PM-3:00 PM (UTC-05:00) Eastern Time (US & Canada).
Where: Microsoft Teams Meeting

Bringing the workgroup together one more time for all of us to debrief on what went well, what didn't, and what we can recommend to management for emerging/upcoming efforts on ESA and otherwise.

I realize this conflicts with an existing BEAD meeting for registration review. There was literally no other way to get a meeting with a different time on the books given everyone's meeting and leave schedules. (My hope is that this would be an essential meeting to inform future mitigation efforts that will take place in registration review).
